

DIPLOMA IN ENDODONTICS

from University of Jaume I (Spain)

The Universitat Jaume I de Castellón (UJI)

Public university in the north of the Valencian Community, a territory on the European Mediterranean coast located between the cities of Valencia and Barcelona, and well connected to Madrid. Created in 1991, the UJI has positioned itself as an established University, characterized by personalized conduct, the efficiency of administrative procedures and a significant level of participation of its members in university life, thanks among other factors to a comfortable population - around 15,000 students - and an integrated campus, with modern, functional and sustainable facilities.

The close relationship that exists at the Universitat Jaume I between teachers and students allows us to achieve a teaching level of excellence, which also guarantees a clearly defined educational model, based on lifelong learning, the comprehensive training of the person and active participation in social progress on the values of peaceful, just, supportive and environmentally friendly coexistence. Likewise, the UJI is distinguished by the vocation of internationalization of its courses.

The quality management carried out at the Universitat Jaume I, both in the field of teaching and in the administration and provision of services, is based on procedures in accordance with the most demanding international standards. These and other features consolidate, differentiate and are committed to making Universitat Jaume I a model public centre for training, research and revitalization of culture and territory.

Prof. Dr. Ajay Bajaj
Founder of Euro Dental Academie

Hello, I am Prof. Dr. Ajay Bajaj, The Course Director at Universitat Jaume I, Spain for Endodontics and founder of Euro Dental Academie, welcome you all!

I have been into 20 years of clinical practice and teaching experience close to 400 lectures, courses, webinars and more than 60 live procedures across the globe.

There are excellent teachers in the world as well as dentists who want to learn while they earn in their clinic. With my friends in Style Italiano Endodontics, we came up with the idea of starting international courses in clinical dentistry for practising dentists. And here we present a uniquely designed online Diploma course in Endodontics in association with University of Jaume I, Spain. With 150 hours of teaching and practical demonstrations, clinical exercises, we promise you to bring the best out of you!

All teachers are best of the faculties in their favourite areas in Endodontics and always ready to share their vast experience with students. Online lectures, clinical case presentation by students, discussions, continued support in clinical cases, small exit examination make it a unique and rich lifetime learning experience for participants!

We welcome you all to join the online course from the comfort of your own clinics and yet earn the prestigious Diploma in Endodontics!

Yours truly,
Prof. Dr. Ajay Bajaj

Prof. Dr. Ajay Bajaj

Prof. Dr. Ajay Bajaj completed Masters in Endodontics and Conservative Dentistry in 2002.

- Review Paper Discussions
- Case Presentations and Discussion
- 80 hours of live classroom online lectures
- 20 hours of demonstrations, video learning
- Minimum 12 unique clinical case presentations by students with detailed discussion
- Theory presentations by students
- Continued support in clinical Endodontics
- Small online exit examination

**Online 6 months
DIPLOMA COURSE
by Universitat Jaume I
Spain**

Core and Applied Science

- Introduction to subject and course
- Standard Documentation of Cases
- Style Italiano Protocol and PPT
- Photography Orientation in General and Endodontics
- Biostatistics and Research Methodology
- Dental pulp and Periradicular tissues
- Embryology
- Anatomy
- Preoperative interpretation of endodontic anatomy
- Microbiology and pathology of pulp and periradicular tissues
- Communication, interpersonal skills and team leadership

- Epidemiology
- Diagnosis & Treatment planning in Endodontics
- Sedation, local and general anaesthesia
- Radiology in endodontics
- Pre - restoration in endodontics
- Access cavity in primary and retreatment cases
- Guided Endodontics
- Isolation
- Endodontic instruments
- Cross infection and Sterilization
- Endomotors

Clinical and Practical Endodontic Procedures

- Diagnosis and management of orofacial pain, psychogenic pain and TMD
- Pharmacology and therapeutics
- Endodontics in children (primary teeth and immature permanent teeth)
- Glide path
- Working length determination and apex locators
- Shaping (various file systems)
- Intracanal medicaments
- Irrigating solutions and activation
- Complications related to irrigation

- Sealers
- Obturation
- Management of procedural errors
 - perforation and Apical plug MTA
- External and internal resorptions
- Vital pulp therapy
- Management of Broken Instruments
- Management of Ledges
- Regenerative Endodontics
- Microscopes in dentistry and Microscope photography

Retreatment

- Microsurgery
- Case Selection and Removal of gutta percha, posts or other filling material during retreatments
- Disassembly with How to Treat Calcifications and Missed Canals
- Ultrasonics in Endodontics

Allied Topics

- Endodontic Management of Traumatized Tooth
- Reimplantation
- Treatment of Discoloured Teeth
- Post and Core
- Periodontics in relation to endodontics
- Prosthodontics in relation to endodontics
- Review and Maintenance Procedures

Duration
150 hrs
(6 months)
Credit points 15 ECTS

Fees for the course :

Euro University Registration fees - 1000 Euros
Euro Tuition Fees - 2500 Euros*
(to be paid in 2 Installments of 1500 +1000)

* Taxes as applicable
